

Bear Creek Nature Center's Treasure Map

X marks the spot! Follow the clues to find the natural treasures of Bear Creek.

Can you find them all?

Bear Creek's Treasure Key:

Use the map to find the X's.
Use this page to see what the X's mean.

X = Troll Bridges

Be careful as you pass over the bridges, trolls are not always the nicest. Can you spot any trolls or their animal friends near the water?

X = Fairy Hollow

Follow the stone steps down to Fairy Hollow. Please be kind to the fairies, their houses are delicate. Feel free to make your own fairy house and share it with others.

X = Ant Kingdom

The Ants have ruled over their Kingdom for over 50 years! Please be respectful of the ants, they are our friends. If you watch from a distance, can you see the ants as they work?

X = Fortopia

This is a land of building and sharing, many forts have come and gone but the magic still remains. Have fun building your own fort but remember to take them down when its time to go so others can find this land and enjoy!

X = Mule Deer Haven

This is a special place that deer like to go for food and rest. Take a moment to rest here and see if you can spot any deer clues (rubbings, droppings, and tracks).

X = Songbird Sanctuary

Find the lookout spot on Songbird Loop, this is where the songbirds gather to chirp and chat. Can you hear the songs they sing? How many songs do you hear?

X = Make your own

Can you find your own treasures? Make your own treasure map and share it with us on Facebook or Instagram using #BearCreekNatureCenter
